abbvie.com
Celgene | 33 Technology Drive, Warren NJ 07059 | 908.673.9000 | www.celgene.com
Celgene is a global biopharmaceutical company whose mission is to deliver truly innovative and life-changing drugs to its patients, focusing on treatments for cancer and other severe immune, inflammatory conditions. Most recently, Celgene received FDA approval for its new oral treatment for psoriasis and psoriatic arthritis, Otezla, which provides a beneficial alternative to current injectable treatments. Otezla is an oral non-biologic inhibitor of phosphodiesterase 4 (PDE4) specific for cyclic AMP (cAMP). PDE4 inhibition results in increased intracellular cAMP levels which is thought to indirectly modulate the production of inflammatory mediators involved in psoriasis and psoriatic arthritis.

Cynosure | 5 Carlisle Road, Westford, MA 01886 | 800.886.2966 | www.cynosure.com

Medical Solutions

Since our inception in 1981, Galderma’s sole focus is dermatology and skin health. Today an estimated 1.4 billion people are in need of skin health solutions.

Galderma is committed to delivering innovative medical solutions to meet the dermatological needs of people throughout their lifetime while serving healthcare professionals around the world.

As a global leader, we provide an extensive portfolio of prescription, over-the-counter and aesthetic and corrective medical solutions available in 80 countries. Meeting the highest standards of safety and efficacy, our products treat a range of dermatological conditions including: acne, rosacea, onychomycosis, psoriasis & steroid-responsive dermatoses, pigmentation disorders, skin cancer, and medical solutions for skin senescence.

Galderma aesthetic treatments aim at helping people feel good about themselves. We look at aesthetic non-invasive procedures as effective solutions for a new proactive approach of skin health resulting in patient satisfaction and personal empowerment.

We think about patients first and engage with patient advocacy groups, as well as doctors and medical teams to develop an empathetic understanding of the patient experience.

With a constant 19% of net global sales invested each year to discover and develop new products, Research and Development is the cornerstone of Galderma’s approach to skin health. The Center of Excellence of Uppsala, Sweden is the birthplace of NASHA technology and dedicated to research in Aesthetics.

Galderma is an active supporter of dermatology, pediatric and aesthetic medicine organizations such as the American Academy of Dermatology, the Dermatology Foundation, the American Academy of Pediatrics, the American Society for Dermatologic Surgery and more recently the American Society of Plastic Surgeons, the American Society for Aesthetic Plastic Surgery, and the American Academy of Facial Plastic & Reconstructive Surgery.

Galderma’s North American headquarters is located in Fort Worth, Texas.

Among U.S. Dermatologists, the Galderma Sales Force has been ranked #1 in Overall Performance for 5 consecutive years.*
